

Nashville Girl 3rd District Show Queen

Another large crowd attended festivities at the Third District Livestock Show last night. The western phase of the fair starts this afternoon with a parade at 4 p.m. All Hope schools will let out at 2:25 p.m. for the remainder of the week.

Last night 12 young lovelies from throughout the district competed and Miss Donna Vaughan, Nashville, daughter of Mr. and Mrs. Herchel Vaughan, was selected Queen of the Third District Show.

The 16-year-old student has brown hair, weighs 115 pounds and measures 35-22-36. She was Queen Elberta at Nashville for 1963 and is feature twirler of the Nashville High School Band. Donna was awarded \$100 and will represent the district in the State contest next week.

Today's activities include NFA and Negro 4-H Club Livestock and Dairy Judging. Thursday marks the Junior Swine and Steer and Fat Calf Show.

The Alamo Exposition Shows midway is open to the public each afternoon and at night. As in the past Friday has been designation school day. Students will be admitted to the showgrounds free until 6 p.m. All of the rides and shows will be reduced to half price for students until 6 p.m.

Youth Dairy Judging winners, 17 teams entered, cash awards to the following schools: 1-Bradley, \$10; 2-Gurdon, \$8; 3-Bodcaw, \$6; 4-Sparkman, \$5; 5-Emmett, \$4; 6-Waldo, \$3; 7-Ashdown, \$3; 8-Lewisville, \$2; 9-Delight, \$2; other teams entered were Prescott, Laneburg, Blevins, Nashville, Texarkana, Murfreesboro, Odon, Hope.

Bradley, first place, David Byrd, Danny Lamar, Jimmy Gildon.

Hope team members, Jacky Lloyd, J. Hargis, Jack Watkins. Individual scores, possible 250 points each: 1-Mack Butler, Bodcaw, 238; 2-Danny Lamar, Bradley, 236 and 3rd-Jackie Graham Emmet, 235.

Beef Cattle Judging Contest, 17 schools entered: 1-Oden \$10; 2-Laneburg \$8; 3-Murfreesboro \$6; 4-Blevins \$5; 5-Sparkman \$4; 6-Texarkana \$3; 7-Bradley \$3; 8-Gurdon 2; 9-Waldo \$2. Individual scoring, Dalton Hughes of Oden and Ronny Jones of Laneburg, tied for first with 236 of a possible 250 points. Third was Terry Bateman of Delight with 229.

Hope's team included Jimmy Carver, James Marcum and Wayne Moses.

Rockefeller's Stand Praised

WASHINGTON (AP)—Winthrop Rockefeller's endorsement last Sept. 14 of Arkansas' Right to Work Law brought him praise Tuesday from the National Right to Work Committee.

Rockefeller said this month at a Republican fund raising dinner in Henryetta, Okla., that Arkansas' law had been approved by a two to one margin each time it was committed in referendum.

Reed Larson, executive vice president of the National Right to Work Committee, said Rockefeller's brother, New York Gov. Nelson Rockefeller, "is a vocal defender of compulsory unionism and an opponent of right to work laws."

PSC Dismisses Town's Petition

LITTLE ROCK (AP)—The state Public Service Commission dismissed Tuesday a petition by Calico Rock for authority to buy its electrical system from Arkansas Power & Light Co.

The petition was filed Aug. 17, 1962. It asked the PSC to determine how much the city should pay for the property.

No further action had been taken in the case so the petition was dismissed.

Battle of the Books Going on in Apartment — as Usual the Wife Has the Best Deal

By HAL BOYLE

NEW YORK (AP)—I don't know what's going on in your apartment, but in our apartment we're having a battle of the books.

Right now it looks like it may be a long war.

Every three years or so — to please the landlord and annoy the spiders—we have our four-room tenement castle repainted, whether it needs it or not.

Over a quarter of century my wife, Frances, and I have developed a formula to divide the chores. For example, by an unwritten law of our marital code she takes down my library books and dusts them before the painters come. After the painters leave, it is my job to put the books back on the shelves.

As anyone who has gone through this procedure knows, my wife has the better of this bargain. Any child can pull down books. That's easy. It is putting them back that is hard work.

First, there is the big argument about which books can be discarded. When our place was repainted not long ago, my wife filled up four boxes of volumes which she denounced as "useless trash."

After carefully reviewing her choices, I said, "Okay, you can throw away three."

"Three boxes?" she asked hopefully.

"Of course not! Three books."

"But you've got more than a thousand books. The way they're

\$100 for a Vote

EVENING SHADE, Ark. (AP)—Some lucky person who votes in the school election today in Sharp County will get \$100. The money was put up by the Sharp County Junior Chamber of Commerce to attract votes in the Ash Flat-Hardy Consolidated School District. A drawing for the money will be held after voters cast ballots on a slate of 16 candidates. A near-record turnout was experienced by Lawrence County last month when some \$600 in prize money was offered voters.

Mississippi Ousts Negro Student

OXFORD, Miss. (AP)—The University of Mississippi has again become an all-white school with the ouster of Cleve McDowell.

McDowell was a second-term law student until Tuesday when the school expelled him for carrying a gun.

Asked about the decision as he left campus for his home at Drew, some 60 miles to the southwest, the 21-year-old Negro replied: "I have no emotions about it whatsoever."

McDowell faces a justice of the peace trial here Saturday on charges of carrying a concealed deadly weapon, a loaded .22 caliber revolver. Maximum penalty would be three months in jail and \$100 fine. He is free on \$250 bond.

Officers arrested him on campus Monday.

The Student Judicial Council held a hearing Tuesday on charges that McDowell violated a university regulation against carrying arms on campus. McDowell and his attorney appeared before the council.

The student group recommended expulsion to Dean L.L. Love, who passed the recommendation on to Ole Miss Chancellor J.D. Williams. Both the dean and the chancellor concurred.

McDowell had been the only Negro at Ole Miss since James H. Meredith graduated last month. Unlike Meredith, he was not protected by federal marshals while on campus. Meredith's enrollment last fall set off rioting.

AM&N President Schedules Talk

PINE BLUFF, Ark. (AP)—Dr. Lawrence A. Davis, president of Arkansas AM&N College, is to speak at the 29th annual convention of the New Farmers of America at Atlanta, Ga., Sept. 30-Oct. 3. The NFA is a national organization for high school boys studying vocational agriculture. Arkansas is to have 37 members at the meeting.

Newcomers Elected to School Board

Two newcomers, a dentist and a veterinarian, defeated incumbents for positions on the Hope District 1-A school board in Tuesday's election.

For Post No. 1 Dr. Sam Strong defeated Mrs. Dora King, the incumbent by a vote of 346 to 219.

For Post No. 2, Dr. Herbert Rogers defeated Sam McGill incumbent. The vote was 337 to 225.

A third new board member, Attorney James Pilkinton, was unopposed.

In the county Spring Hill increased its millage from 30 to 36. The vote was 35 against and 85 for. Also at Spring Hill Warren Butler received 102 votes to 21 for Quinten Cox for a post on the board.

In the only contested race in the County Dail Ravenscraft received 20 votes and Claud Self 8, for a post on the Guernsey board.

Forest Queen Guest of Kiwanians

Miss Cindy Williams, State Forestry Queen of Harrison, was guest speaker before Hope Kiwanis club yesterday and brought a message on the vast forest industries of Arkansas.

It was her 27th appearance before a civic group on a tour that will take her to all parts of Arkansas and speaking engagements numbering some 250 to 300 during her one-year reign as Forestry Queen.

Blonde, blue-eyed and beautiful, she also entertained the Kiwanians with two vocal numbers. "A world without trees and the multi-use of lumber and its by-products, would surely invite disaster in our time," Miss Williams pointed out as she launched into her speech.

She then went on to point out the vast employment that the timber, lumber and forestry industries provide to Arkansas people and how dependent the world is on wood products.

She also stressed the need for conservation practices, pointing out that during the year of 1962 that Arkansas suffered a total of 4,000 forest fires with a resultant loss of twenty millions of dollars in valuable trees.

Air Service May Be Suspended

WASHINGTON (AP)—The Civil Aeronautics Board disclosed Tuesday that Harrison, Ark., and Jonesboro, Ark., are among 546 cities receiving local airline service who are failing to generate sufficient passenger traffic to qualify for it.

Harrison is served by Central Airlines, Jonesboro by Trans-Texas Airways.

CAB Chairman Alan S. Boyd said in letters to mayors of the cities affected that the airline is free—and encouraged—to ask for a suspension of service even before the CAB starts its own move to terminate certification.

Boyd said the cities must originate an average at least five passengers a day to maintain the service.

U.S. Group Is Ready to Sell Wheat to Reds

OTTAWA (AP)—A spokesman for a team of American grain merchants indicated today his group hopes to make a huge sale of U.S. grain to the Soviet Union, similar to the deal recently concluded by Canada.

Burton Joseph, president of I.S. Joseph Inc. of Minneapolis, said his group is in Ottawa to sell wheat but it is "far premature to talk of a trade between these two countries"—the United States and Russia.

Joseph said he has not met with the head of the Russian group that bought \$500 million worth of Canadian wheat and flour last week. He declined to say whether a meeting is scheduled.

"We just don't know what we have here ourselves," said Joseph. "We're way ahead of ourselves."

He added that possibly he could say more in a few days.

The Russian delegation is still in Ottawa, although it concluded its dealings with the Canadian government last week. It is headed by S.A. Borisov, first deputy minister of Russian trade.

With Joseph in Ottawa are two other Minneapolis grain men, Charles Ritz, board chairman of International Milling Co., and Ralph Bruce, a vice president of Lechard Daniels Midland Co., and Leopold Stern, director of the Louis Dreyfus Corp. of New York.

Joseph said there are "a few more" representatives of the American grain industry in Ottawa but would not identify them.

Senate Calls JFK in Crime Investigation

WASHINGTON (AP)—With Atty. Gen. Robert F. Kennedy as the first witness, the Senate opens today an investigation designed to bare the workings of a national crime syndicate.

The hearings by the investigations subcommittee are scheduled to explore the affairs of a secret criminal society known variously as La Cosa Nostra, the Black Hand, or the Mafia. It is alleged to reap a profit of billions of dollars a year through syndicated crime—narcotics, gambling and extortion, among others.

The hearings ultimately will feature testimony by convicted dope peddler and murderer Joseph Valachi, a Cosa Nostra member. Valachi, 60, contends that the Mafia ordered him slain in prison as a "stool pigeon" and that he wants revenge by exposing its leaders and their crimes.

Through the testimony of 20 or more witnesses in three to four weeks of hearings here, the Senate Investigations subcommittee plans to track the syndicate's operations through the country, including New York, Chicago, Boston and Detroit.

Dominican Deposits President Bosch

SANTO DOMINGO (AP)—The Dominican Republic armed forces and police deposed President Juan D. Bosch today, and proclaimed they were turning the country into a "rightist state."

The Communist party and any party backing Cuban Prime Minister Fidel Castro were outlawed.

Reliable sources said Bosch, 53, author-professor, was a prisoner in the presidential palace. Another report said he was flown out of the country.

The armed forces issued a communique saying they seized power because "there was a chaotic situation in the country."

All schools were closed.

A Sweeping Ban on Racial Discrimination in Public Accommodations Added to Bill

By JOHN BECKLER

WASHINGTON (AP)—A sweeping ban on racial discrimination in places of public accommodation has reportedly been added to the administration's civil rights bill by a House Judiciary subcommittee.

An authoritative source said the action was taken Tuesday but was not made public at the request of the administration because of the crucial vote coming today on President Kennedy's tax cut bill.

The votes of Southern Democrats are needed to defeat a Republican amendment that would block the tax cut unless a lid is placed on federal spending for the coming year. The source said the White House fears news of the strong new addition to the civil rights bill might endanger those votes.

The provision the subcommittee is reported to have accepted tentatively goes beyond the administration's original proposal by giving the attorney general additional authority to intervene in cases of racial discrimination in places of public accommodation, based on the 14th Amendment to the Constitution.

In its proposed bill the administration pinned its basic authority to the narrower right of Congress to regulate interstate commerce.

The amendment reportedly approved uses both the commerce clause and the 14th Amendment. The only type of public accommodation apparently escaping coverage under the subcommittee's amendment is the small rooming house, characterized as "Mrs. Murphy's boarding house" in House and Senate hearings on the bill. The amendment exempts owner-occupied private homes with not more than five rooms open to the public.

The amendment was reportedly offered by Rep. Robert W. Kastenmeier, D-Wis., and in accepting it the subcommittee endangered the bipartisan support needed to move the entire civil rights bill through the House.

The public accommodations section is only one of seven provisions in the bill, but it is regarded as the most controversial. Many Republicans, including Senate Minority Leader Everett M. Dirksen of Illinois, are opposed to it.

The subcommittee has now apparently given tentative approval to all seven parts of the administration bill. The other sections deal with voting rights, school desegregation and job opportunities.

The plan was financed with a \$2 million bond issue approved early in 1961 by Union County voters. Another bond issue for \$825,000 was approved in October, 1962.

Negro Beaten, 3 Officers Dismissed

LITTLE ROCK (AP)—Acting Police Chief R. E. Briens dismissed three Little Rock policemen Tuesday after an investigation into a complaint that a Negro had been beaten by officers.

Briens fired Lt. B. A. Griffith, 39, a 16-year veteran who appealed to the city's Civil Service Commission almost immediately; Patrolman E. L. Vint, 43, and Patrolman W. R. Derden, 27.

Vint was unavailable for comment. Derden declined to discuss the matter.

Theodore Shaw, 24, of Little Rock, complained that he was picked up for questioning on Sept. 15, beaten by two policemen at the Police and Courts Building and then taken to the Arkansas River bank and beaten again.

Shaw said he was taken to the Police and Courts Building and then taken to the Arkansas River bank and beaten again.

Predicts Quick Passage of Tax Cut Bill

By EDMOND LEBRETON
Associated Press Staff Writer

WASHINGTON (AP)—Democratic leaders predicted with increasing confidence today that the House will pass President Kennedy's \$11 billion tax cut bill before the day is over — and without a nail-biting Republican-backed spending lid to it.

As the final round of debate began in the House, there were indications a number of Southern Democrats would vote against the spending lid. Backers of the amendment had hoped to attract their votes.

"We're in good shape," Speaker John W. McCormack, D-Mass., told his news conference. McCormack has been urging the House to do its part to make possible lower income tax withholding and therefore increased take home pay beginning Jan. 1.

The Democratic leader, Rep. C. Albert of Oklahoma, said, "We are optimistic."

Others talked of defeating the Republican bid by not less than 20 votes.

If both the House and Senate approve the measure, the proposed cuts would begin to be felt in paychecks next January. Ultimately the reduction would range between \$100 and \$200 a year for most taxpaying families — more in the upper brackets. Two-thirds would go into effect next Jan. 1, the rest a year later.

But passage of the bill intact in the House would still leave a long, hard road ahead.

The Senate Finance Committee may not begin hearings on the tax legislation before mid-October.

Another Big Blast Shakes Birmingham

BIRMINGHAM, Ala. (AP)—Another bomb blast shook Birmingham today a few hours after a two-man presidential team arrived to help restore racial unity to the big steel city.

There were no reports of casualties and no disorder.

Two explosions were reported to police, but officers could find evidence of only one bomb.

The latest bombing — Birmingham has had more than 40 since World War II — was in a middle income Negro neighborhood on Birmingham's southside, across town from the 16th Street Baptist Church where four girls were killed in a blast Sept. 15.

The church bombing climaxed months of racial unrest and resulted in the sending of former Secretary of the Army Kenneth Royall and former Army football coach Earl Blaik to the city.

The presidential team had set up meetings today with white and Negro leaders.

The bombing was reported to police at 1:30 a.m. Police Lt. F. W. Lloyd said that Negroes in the neighborhood were "the most orderly group of colored people I have ever seen."

Officers said that apparently someone from a moving car tossed an undetermined amount of explosive at a street intersection. The house nearest the intersection was damaged extensively.

Helmeted police officers and state troopers cut off traffic into the area. Small knots of Negroes gathered outside their homes, but no incidents were reported.

Loans for Homes in Two Cities

WASHINGTON (AP)—The Public Housing Administration announced Tuesday loans of \$27,500 and \$14,000 to Batesville, Ark., and Trumann, Ark., respectively, for planning of low-rent homes.

Batesville will have 160 such homes, Trumann is to have 70. The Community Facilities Administration announced a \$35,000 grant to Coal Hill, Ark., for construction of a water system expected to cost \$160,000.

Indonesia, and British Fuss Flares

By TONY ESCODA
Associated Press Staff Writer

JAKARTA, Indonesia (AP)—The British-Indonesian dispute flared again today over the guarding of Britain's ruined embassy, burned by mobs in a wave of violence that almost caused a diplomatic break.

A diplomatic crisis was averted when Gov. Sumarno Sosroatmodjo of Jakarta agreed through a police representative to a joint British-Indonesian guard to protect documents in the embassy's vault.

British Ambassador A. G. Gilchrist had just told a news conference that a senior police official had refused to let him into the embassy Sunday night. He suddenly broke off the conference and hurried to the embassy.

Embassy informants said Gilchrist had just been informed that Indonesians were trying to break into the vault. This time Gilchrist brushed past protesting Indonesian police and remained in the embassy for an hour and a half until the guard agreement was reached.

The British considered the issue serious enough to ask support from other embassies. U.S. Ambassador Howard P. Jones and the Australian, Canadian and French ambassadors rushed to the embassy.

The mobs that burned the embassy Wednesday were protesting the creation of the British-protected Federation of Malaysia, embracing Malaya, Singapore, Sarawak and Sabah (North Borneo), all former British territories.

To avoid a diplomatic break, Indonesia promised that British lives and properties would be protected, but a number of British enterprises have been taken over by the government, at least temporarily. Indonesian officials say they acted to keep workers from seizing them.

Activity among the American wheat men was intensive. They held meetings at their hotel through the night until early today.

The Joseph group's mission to Ottawa was first reported in a copyrighted story in the Minneapolis Tribune and Des Moines Register which said lack of U.S. government approval is all that is blocking the closing of the deal.

While the administration officially has kept hands off the negotiations, the Tribune said it has learned that the White House, State, Commerce and Agriculture departments had been studying the legal, technical and policy problems.

In Duluth, Minn., where President Kennedy talked Tuesday night, a White House source said there would be no comment.

The report was bolstered by Dow-Jones, financial news service affiliated with the Wall Street Journal, which said Tuesday that cable advices from Holland told of the Russians about to seek U.S. export licenses for 4,750,000 tons of wheat, corn and oats.

The Tribune and Register identified those talking with the Russians in Canada as Leopold Stern, director of the Louis Dreyfus Corp., New York, and three Minneapolisians: Burton Joseph, president of I. S. Joseph, Inc.; Charles Ritz, board chairman of International Milling Co.; and Ralph Bruce, a vice president of Archer Daniels Midland Co.

Charles W. Bailey, who wrote the article, said if the deal was realized it could lead to a policy change that would accent increased utilization of surplus American farm crops instead of production controls, and possibly provide a partial solution to the troublesome balance of payments and gold reserve problems.

But, the story went on, such a transaction would be certain to bring complaints "especially from members of Congress representing constituencies with large numbers of voters of Eastern European extraction." Those groups have consistently opposed any dealings with Communist countries.

9.265 Jobless File Claims

LITTLE ROCK (AP)—The Arkansas Employment Security Division said Tuesday that 9,265 unemployed persons in Arkansas filed continued claims for unemployment insurance at the end of August, a decrease from last month and from August of a year ago.

The ESD also said the number of Arkansans filing initial claims for unemployment insurance during August dropped 37 per cent, compared to July, and seven per cent from August 1962.

The division said its 30 offices filed 10,577 non-agricultural jobs last month and that fewer persons filed applications for work.

and an expected protracted civil rights fight could delay the tax bill almost indefinitely.

Democratic leaders were heartened by the apparent willingness of many members of the party's Southern wing to go along in opposition to the spending limit. Even some Democrats who oppose the tax cut bill itself were reported ready to vote against the Republican motion.

The administration can better afford to lose Democratic votes on passage of the bill. Many Republicans are expected to vote for it, whether or not the limitation is attached. But the GOP ranks are practically solid in support of the spending curb amendment.

Rep. Wilbur D. Mills, D-Ark., chairman of the Ways and Means Committee which wrote the tax legislation, was reported to have advised Democratic House leaders to let him handle the job of persuading Southerners.

A highly influential Southern Democrat, Mills told associates he has had pledges of support from a number of members who

Accused Swindler Surrenders

MURFREESBORO, Ark. (AP)—

Clyde Robert Rhoads, 39, of Hot Springs, has surrendered to the Pike County Sheriff's Office to face charges of obtaining money under false pretenses in a \$34,000 swindle.

Rhoads was arraigned before Circuit Judge Bobby Steele after turning himself in Monday and released on \$15,000 bond. He asked a bill of particulars on the charge against him and was not required to plead immediately.

George E. Brown of Hot Springs already had been arrested in the case and released on \$10,000 bond. Sheriff Charles Holder said the men would be tried Nov. 14.

State Police Capt. Paul McDonald said Brown took a Glenwood man to Lake Village after telling him he could buy \$60,000 to \$1,000 bills at a rate of 85 cents on the dollar.

McDonald said Rhoads took the \$34,000 from the Glenwood man and promised to return shortly with the \$1,000 bills. He didn't come back, McDonald said.

18 Testify in Stolen Auto Case

HOT SPRINGS, Ark. (AP)—

Eighteen government witnesses testified Tuesday in the U.S. District Court trial of Sam Anderson and Forrest Cason on charges of receiving and disposing of a stolen car.

U.S. Dist. Atty. Charles Conway said Monday he would show that five stolen vehicles passed through Tri-Lakes Motor Sales Co., jointly owned by Anderson and Cason. To prove it, Conway said, it would be necessary to demonstrate the pattern and method of operating of a car theft ring.

Witnesses Tuesday testified about the purchase of cars from Tri-Lakes.

Most of the witnesses testified about the theft of a number of automobiles and the manner in which serial numbers were changed and registration and titles secured.

Darius Woody, one of seven men already convicted in the car theft ring case, has testified that he saw Anderson, an attorney, at an office and auto salvage yard belonging to other men who have been convicted in the case. But Woody said he could not identify a picture of Anderson.

Mrs. Richard Edwin Roberts

On Saturday evening, August 24 at the First Baptist Church in Calvert, Tex., Miss Martha Anne Wiese and Richard Edwin Roberts were united in marriage. Mr. and Mrs. W. C. Wiese, Jr. of Calvert are the parents of the bride, and Mrs. Lillian Willis Roberts of Hope and the late Sherman Roberts are parents of the groom.

The Rev. Cecil McBeth officiated at the double-ring ceremony before an altar banked with greenery, white gladiolus and cathedral candles. Nuptial music was presented by Mrs. Phil Hammon of Bryant, Tex., organist, and Mrs. T. D. Corley, who sang "I Love You Truly," "If God Left Only You," and "O Perfect Love."

The bride was given in marriage by her father. She chose for her wedding the bridal gown worn by her sister, Mrs. Corley, which was fashioned of bridal white, imported silk organza adorned with hand-run reemboirdered Alencon lace. A scalloped sequined lace portrait neckline enhanced the figure. The bodice that was fashioned with long petal point sleeves. The bouffant skirt featured side overskirts etched with lace that were caught with roses and drifted into a carriage back where they cascaded from a cluster of roses to form a chapel train. Her elbow-length veil of silk illusion draped from a crystal crown, and she carried a bouquet of white orchids and stephanotis. She wore a diamond heart necklace belonging to her mother.

Mrs. Corley attended her sister as matron of honor, and Miss Gail Tindall was maid of honor. Miss Ellen Wiese, cousin of the bride, Mrs. Walter Pyle, both of Calvert, and Miss Sandra Slade of Victoria, Tex., were bridesmaids. Miss Charlene Gilbert of Hope, niece of the groom, was junior bridesmaid.

They wore it denfical dresses of royal blue peau de soie designed with scooped necklines, fitted bodices and long controlled, bell shaped skirts that carried for back accent a large flat bow at the waist from which fell a panel

train. Their headpieces were of matching roses with circular veils, and their cascading bouquets were of pale blue carnations.

Walter Pyle served the groom as best man. Groomsmen were R. K. Simons, C. W. Gilbert of Hope, brother-in-law of the groom, E. P. Curry of Forney, Tex., and Bruce Smith of Shreveport, La. The bride's brothers, Walter C. Wiese, III and Calvin K. Wiese, and her brother-in-law, T. D. Corley, served as ushers.

Candles were lighted by Miss Laura Wiese and Miss Molly McElroy, cousins of the bride. They were attired in royal blue peau de soie, with wristlets of pale blue carnations.

For her daughter's wedding Mrs. Wiese chose a formal-length gown of Romance blue silk crepe accented with silk linen lace. She had matching of dusty rose lace and had matching accessories. Each had a corsage of white orchids.

The bride's parents were hosts for a reception in their home following the ceremony. The bride's table was covered with white satin and the appointments were silver. White stocks, asters, and the bride's bouquet graced the table where Mrs. Walter C. Wiese, III of Calvert and Mrs. Charles W. Gilbert of Hope served.

The groom's table was laid with a gold cloth and centered with an arrangement of bronze chrysanthemums and gold grapes. Miss Elaine Yates registered the guests, and rice bags were distributed by Charles Gilbert, nephew of the groom.

After a wedding trip to Austin and south Texas, the couple is at home in Calvert.

DOROTHY DIX

YOUR CHILDREN AT 19!

By HELEN WORDEN ERSKINE

Dear Helen: I write in defense of the 13-14- and 15-year old girls whom you seem to think are still babes in the woods. I am now 19. My husband and I have four children ranging in age from seven months to four years. Believe me, I wouldn't go through the first three years again for anything though we are now well-adjusted and happy. But I'll see that my two daughters don't marry until they are at least 18, even if pregnant! Anyway, what I'm trying to get at is that those teenage girls have more brains than you credit them with. Give them a break. Quit running us down. My husband was 19 when we married. I don't think we would have made it if he had been any younger. I enjoy your column. —Experienced

Dear Experienced: You have been misinterpreting my comments on teenagers. I have never "run them down." On the contrary, I give them credit for more brains than my generation ever had at the same age. But brains do not necessarily add up to emotional maturity and good judgment which are based, among other things, on experience. By your own admission, you made an important decision at the age of 15 or was it 14; that you do not want your daughters to make until they are at least 18. You also say that if your husband had been any younger than 19, your marriage might not have succeeded.

It's exactly because I do want to "give them a break" that I repeatedly urge teenagers to concentrate on their education and get to know as many young people of both sexes as possible. In short, I'd like to see them give themselves the opportunity to develop their personalities and not stunt their growth by assuming responsibilities which they are not ready for.

Childhood and adolescence take up such a relatively short portion of the total life span that,

to me, it seems tragic when a teenager deliberately saddles himself with burdens which are heavy even for mature shoulders.

Intellectual and emotional growth should go hand in hand. Today with school and college standards mounting higher and higher the mental capacities of teenagers are being stretched more and more, but corresponding emotional development does not automatically follow. Unlike reading readiness which is a determinant for first grade, readiness for marriage and a family cannot be gauged. It is compounded of many factors, and chronological age may or may not be one of them.

Dear Helen: Please give me some information on traveling in a room by train. My husband and I are planning to visit our son in the Northwest. In the past we took berths in a Pullman car; now things are different. We have never used a room so don't know what our duties would be, such as tips, or anything else. We are leaving soon so hurry your answer. —Mrs. S.

Dear Mrs. S.: By room you probably mean roomette or drawing room. The only difference between this space and a Pullman car berth is the privacy. There are no "duties" as such, save on the part of the porter who makes up your berths, tidies the roomette and supplies you with fresh towels each day. The amount of the tip depends to a great extent upon any extra service you demand. On a long run such as you are making, a joint tip of three dollars would be adequate. Relax, enjoy the passing countryside and have fun!

Education Aid Bill Is Signed

WASHINGTON, AP—President Kennedy signed "with great satisfaction" today the \$236.4 million bill to help build new medical and dental schools and to help students attend such institutions.

The three-year measure is the first new Kennedy program to clear the 88th Congress. Similar legislation has been under consideration at the Capitol since 1950. The President asked for the bill in his health message to help avert what he said could be a "particularly serious shortage" of doctors and dentists in the next decade.

He estimated that even to continue present ratios of service would require a 50 per cent increase in dental graduates in the next 10 years.

The bill would help an estimated 10,000 students with loans of up to \$2,000 over the next three years and also make it possible to build several new medical and dental schools, and to expand and modernize some existing ones. Special consideration would be given to areas where training facilities now are lacking or inadequate. Kennedy said he was delighted to sign what he termed "one of the most significant health measures passed by the Congress in recent years."

Soviet Bread Shortage Is Critical

By PRESTON GROVER

MOSCOW (AP)—Soviet citizens, who doubtless eat more bread than any other single food, are being told at private meetings and in the press to ease an acute shortage by getting along with less.

Local leaders are being warned that bread must be saved and that prices may be raised.

Despite these warnings there appears no great probability that any Soviet citizen will go seriously short of bread.

Emergency wheat purchases abroad, running about 7 million tons, will offset crop losses during the past year due to drought and persistent mismanagement of planting and harvesting. The loss apparently is about 10 per cent of the crop, which last year was 65 million tons.

The shortage and the bad harvesting have sent Premier Khrushchev, now in his 70th year, storming about the country denouncing careless farming methods.

Again one of his pet projects, the virgin lands in Siberia and Southwest Asia, has let him down as it did in other recent years.

Harvesting in the Kazakhstan virgin land area is so far behind schedule that it seems inevitable much grain will rot in the fields and some will be buried under the snow.

While Ivan and Natasha may not go short of bread, the shortage of wheat and corn seems certain to make them short of meat again this year.

This correspondent has just returned from a tour of Kuban, the Soviet Union's best farm area. A bumper crop of wheat was harvested there before the drought set in during July and August.

The drought hurt the corn badly as well as vegetables and fruit. Villages and towns in the area are short of vegetables. This is reflected also in Moscow and other cities. In the capital queues form every time a shop displays any fresh vegetables.

Grain was lost in the virgin lands last year because thousands of combines and tractors lay idle in the fields for lack of spare parts. As early as Aug. 28, the paper Farm Life reported that some farms had not finished the repair of harvesting machines and combines before the beginning of this year's harvest.

In some areas only 20 per cent of the machinery was used. In the Irkutsk area of eastern Siberia, the paper said, "Peas started to fall out of the pods while drivers were still testing their machines."

A half billion dollars is to be paid to Canada in the next 18 months for delivery of 5.3 million tons of wheat and 300,000 tons of flour. Another 1.5 million tons of wheat has been ordered from Australia, with a like amount on option.

Much of this will be shipped immediately to the Soviet Union's foreign customers, to protect her position as a supplier.

Flour cannot be bought at many stores, apparently because it can be hoarded while bread cannot.

Many farmers buy bread to feed to cows and pigs they are allowed to raise privately for market. One couple was pilloried in the press Sunday for having bought nearly half a ton of flour, bread, rice and macaroni.

Price Surge on First Day of Autumn

NEW YORK (AP)—Increases for aluminum ingot and sugar led a price surge on the first day of autumn, traditionally a season for brisk business.

Other price rises were posted Monday for carpets about 3 per cent, some plate glass 7 per cent, steam condensers for electric utility plants 10 per cent and black pepper about 10 per cent.

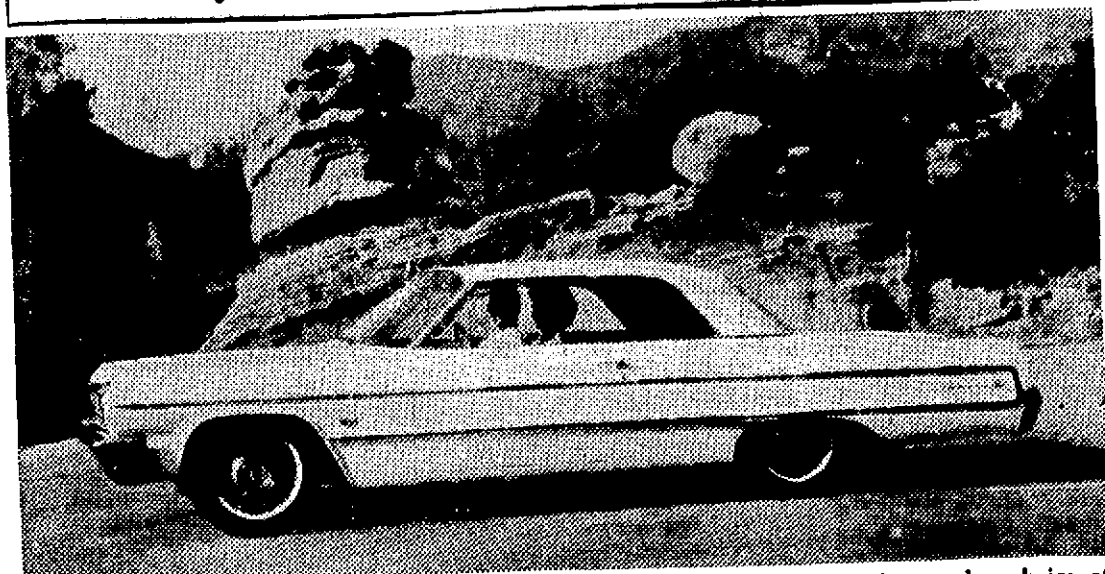

The cluster of increases, especially with basic commodities such as aluminum and sugar involved, attracted the attention of business economists. Recent jumps in the cost of living have renewed conjecture that the business recovery may spur some inflation.

Reynolds Metals Co., riding a crest of strong demand, surprised many by announcing an increase from 22 1/2 to 23 cents a pound for basic, ingot aluminum, effective with Oct. 2 shipments. The nation's No. 2 producer also scheduled an increase of 2 1/4 per cent for selected mill and fabricated products.

The No. 1 producer Aluminum Co. of America, and third-ranked Kaiser Aluminum and Chemical said they were studying the Reynolds move.

The price of refined sugar was hiked 25 cents per 100-pound bag, making it \$10.80 in New York City, effective Sept. 28. Sugar prices have ridden a roller coaster

Graceful lines and Luxury in 1964 Chevrolet Impalas

The rich, luxurious appearance of the 1964 Impala Sport Coupe (above) blends Chevrolet's traditionally graceful body lines with smart new styling both front and rear. Two Upper Stage Rockets Ready

CAPE CANAVERAL, Fla. (AP)—Two revolutionary upper stage rockets which burn high-energy liquid hydrogen are being groomed for test flights vital to manned and unmanned space programs.

They are the S-4, second stage of the Saturn super-booster, and the Centaur, second stage of an Atlas-Centaur vehicle.

Difficulties in harnessing frigid

liquid hydrogen have delayed development of both rockets, causing slippage in several key projects, principally unmanned moon probes. Officials of the National Aeronautics and Space Administration are confident that laboratory and ground-firing tests have solved the problems.

The 41-foot S-4 was flown here over the weekend from the Douglas Aircraft plant in Sacramento, Calif. After several weeks of hanger checks, it will be joined with an 82-foot Saturn booster now undergoing tests.

Nursery Plans to Say Grace

LONG BEACH, Calif. (AP)—A pre-snack grace for nursery school children will continue despite a county council ruling that it is illegal, the Long Beach Board of Education says.

The board voted unanimously Monday to continue the prayer after the county council said the practice violates U.S. Supreme Court decisions making similar school prayers illegal.

The board said it would receive and file the opinion.

The prayer, recited before the mid-morning snack at eight Long Beach nursery schools, goes:

"God is good, God is great: 'On we thank you for the food 'On our plate.'"

Karam Declares Incident Closed

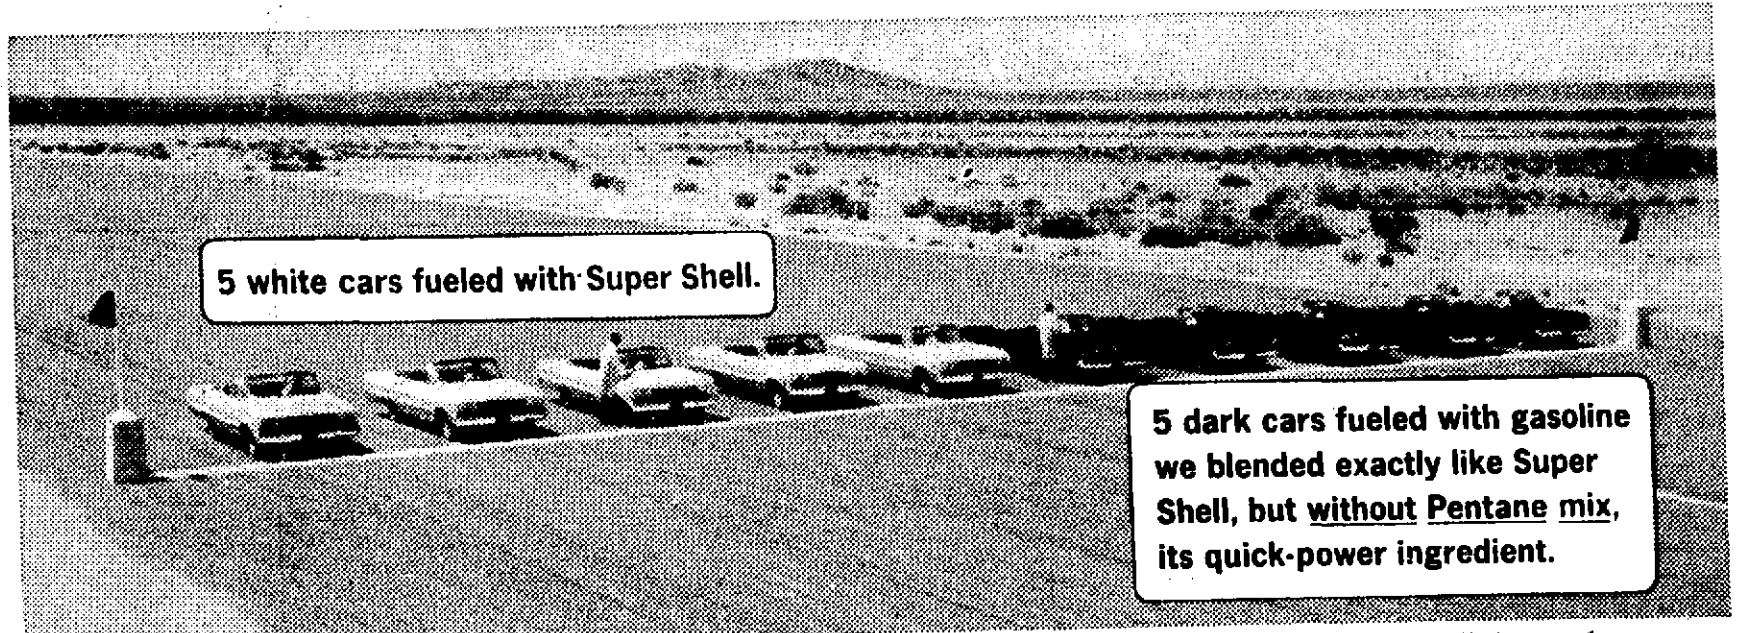

LITTLE ROCK (AP)—Little Rock Legion Post Commander James T. Karam said Saturday the controversy over liquor and gambling in the post club is ended and the organization should turn to other things.

The controversy arose last week when Karam announced that he would use his position as commander of M. M. Ebert's Post No. 1 to halt liquor and gambling in the club house.

Friday night he said he had apparently won his battle. Saturday he thanked the House Committee of the post for giving "approval to my recent actions by ruling that our American Legion post refrain from selling liquor and sponsoring gambling in the club house."

Cars with Super Shell sweep 220-yard dash

Unique acceleration test shows how one of Super Shell's 9 working ingredients works to give you quick power

Starting line. Ten brand-new Chevrolets are being readied for a 220-yard dash. This test was recently run to demonstrate how Super Shell works to give you quick power. Drivers were professionals. Test conditions for all cars were identical. Even engine temperatures were carefully equalized. The only difference was in fuel. The five dark cars used a

gasoline we blended exactly like Super Shell, but without one of Super Shell's 9 working ingredients—without Pentane mix, an ingredient that helps deliver quick power. The five white cars used Super Shell with Pentane mix—the same Super Shell gasoline you can get at Shell stations. On signal, drivers floored accelerators and raced off at full throttle.

Finish line. All five white cars on Super Shell with Pentane mix beat all five dark cars without Super Shell's quick-power ingredient. A telling demonstration of Super Shell's ability to help you get quick power.

Besides Pentane mix, Super Shell contains TCP*—for power, mileage, longer plug life. Anti-knock mix—to fight all kinds of engine

knock. Alkylate—to control high-speed knock. "Cat-cracked" gasoline—for smooth power. Butane—for fast starts. Anti-icer added in cold weather. Gum preventive—to keep carburetors clean inside. Platformate—for extra mileage. Altogether, 9 working ingredients to make your car work better. Stop at the clean white Super Shell pump.

*Trademark for Shell's gasoline additive for ignition control. Gasoline containing TCP is covered by U.S. Patent 2,800,212.

Actress, Hubby Swap Charges

PHOENIX, Ariz. — Lillian Roth, an actress and singer, says her husband fathered a child by another woman. He says she drank too much and once tried to stab him.

That was testimony Monday in the divorce action filed in Phoenix by Thomas Burt McGuire, Jr., 36, son of the wealthy Funk and Wagnalls dictionary family and Miss Roth's fifth husband. He charges Miss Roth with desertion, mental and physical cruelty and habitual intemperance.

McGuire said he is virtually disabled as the result of six tumor operations and infantile paralysis. But he refused to answer when Miss Roth's attorney asked: "Is it true that a child bearing your name was born in the Cottonwood Ariz. hospital Aug. 14, 1963?" The trial is being heard without a jury.

THE NIGHT, THE WOMAN
By STEPHEN RANSOME
THE STORY: Todd Carden has just arrived home. Blake Carden, a brother who lives with Todd and his wife Ruth, has decided to learn why Todd has borrowed sums of money recently.

IX

After a few minutes Todd came into the room looking worn and harried, a certain urgency in his manner. He stopped, his worried eyes asking, Did you get it?

When Blake nodded, he turned aside with a beckoning wag of his hand. Blake followed him out to the small palm-bordered patio alongside the driveway. There were white wrought-iron chairs and tables grouped about; it was a dark and secluded spot. Obviously Todd had wanted to go out of earshot of Ruth.

"Many thanks, kid . . . Well let's have it."

"First, how about a good man-to-man talk?"

Todd's face went tight with impatience; but then he seemed to remember that since he was asking an important favor he ought to co-operate.

He took a chair and Blake sat facing him. There had always been a curious lack of resemblance between them. Todd was taller and broader in the shoulders. His hair was dark and wavy, and his face seemed to have widened through a great deal of habitual smiling and laughing.

He was giving Blake an earnest look now. "Something serious on your mind?"

"Three thousand dollars, plus the two thousand you borrowed two weeks ago. It leaves me flat."

"You'll get it back."

"I know, but that's not the big point. I'm entitled to know where the money's going."

"I told you the first time. Operating expenses."

It was a delicate business, Blake thought, judging the possibly weakened integrity of a brother who had never before tricked him.

"How does George Gibson figure into this?"

Todd shook his head. "I know Sam Masters personally, as a friend of the judge's, the same as you do. But I've never had any dealings with Sam's firm. In fact, I've never been inside the place."

Blake felt that this answer carried conviction. Todd was too busy living in the present; he had probably never had any thought of acquiring a nest egg.

"And you've never come in contact with George Gibson outside of Sam's office?"

"Never. What is this, kid? What about him?"

"Gibson is an absconder. He's hiding out somewhere along the beaches. He has left a spotty sort of trail, and he's known to have a pocketful of \$100 bills."

"Part of his loot?"

"No. He got hold of them in some other way. I'm asking you about this because the two thousand I gave you two weeks ago was all in hundreds."

Todd tossed his hands. "You're making a big production out of nothing. What could I possibly have to do with such a guy, a crook on the run?"

"Then you didn't give him any money?"

"I don't know him, never saw him. There are plenty of \$100 bills in circulation. Coincidence, that's all."

Blake wanted to think so; but he wasn't done. "Both times you have been in a tearing hurry for a loan. Both times you insisted on cash. Why?"

Peering at him, Todd said quietly, "You seem to have cultivated a feeling that you can't quite trust me, brother."

"I'm willing to lose it. Let's

have a straight answer."

"There wasn't time for me to handle a check. I had to pay out fast, after banking hours. And to be honest, I didn't want it . . . partly, anyhow . . . to go on record."

"Why not? When you don't put business expenses on the books, you can't charge them against income tax. That was expensive."

"But unavoidable." There was an edge of resentment on Todd's voice. He snapped to his feet and began to move around his chair.

"It was business. Strictly business. And not illegal."

This was evasion. Blake meant to penetrate it. Also this was shaping up as a showdown.

"The three thousand I have for you now—Will you keep this deal off the record too?"

"To be honest about it yes." Todd sat again, stiffly, plainly angered, struggling inwardly with an unwillingness to expose himself.

"Since you seem to have to know, as a condition to the loan, I'll let you in on it . . . in confidence. You know I'm hungry for new accounts. Two weeks ago I told you I'd been working my tail off trying to bag a new one—big, one of the biggest, big enough to save the agency. In order to get it I'm having to stretch a point . . . ethically, not legally. In a word, poyota."

New Commander for Marines

WASHINGTON — Lt. Gen. Wallace M. Greene will become commandant of the Marine Corps Dec. 31 when the four-year term of Gen. David M. Shoup expires, the White House announced today.

White House sources said President Kennedy sought to appoint Shoup to a second four-year term. Shoup declined, saying he did not think his health would permit him to serve another term and he thought it was healthy for the Marine Corps to have a periodic change in commandant.

Greene has been the Marine Corps chief of staff in Washington since Jan. 1, 1960.

During World War II, he served in London, the Marshall Islands, Saipan and Tinian.

He was born in Burlington, Vt., Dec. 27, 1907, and lived there until his appointment to the United States Naval Academy. He was graduated in 1930.

Ministers to Talk Over Troubles

By LEWIS GULICK

UNITED NATIONS, N.Y. (AP) — A New York-Moscow commercial air route is one of three items on which Secretary of State Dean Rusk and Soviet Foreign Minister Andrei A. Gromyko may be able to reach quick agreement in talks this week.

Official U.S. sources also foresaw possible agreements on building new embassies in Moscow and Washington, and allowing the U.S. Embassy in Moscow to have a private communications link with a U.S. post in Western Europe to speed its dispatches.

Bigger East-West questions which Rusk, Gromyko and British Foreign Secretary Lord Home are to explore this week are expected to take much more time.

These include such follow-ups to the limited nuclear test ban as exchanging observers to guard against surprise attack and an East-West nonaggression pact.

U.S. sources said further consultations among the Western Allies

are required before they can agree on the position to take toward such proposals.

In August 1961, U.S. negotiators initiated an agreement for a direct U.S.-Soviet air link but refused to sign it because of Soviet pressure then on West Berlin.

A spokesman for Pan American Airways, the U.S. airline slated to fly the Moscow route if the deal goes through, said today, "We are still ready and willing to fly."

Rusk scheduled another day of talks with foreign leaders attending the fall session of the U.N. General Assembly. He had an important morning appointment with Indonesia's Foreign Minister Subandrio. Indonesia has incurred U.S. displeasure with its hostility toward new-born Malaysia and the sacking of the British Embassy in Jakarta. Washington is reviewing its Indonesian aid program.

Pipeline Contract

HARRISBURG, Ark. (AP) — A \$400,611 contract has been awarded to the Engineers Construction Co. of Tulsa, Okla. for laying 18 miles of natural gas pipeline from Grubbs to Harrisburg. Harrisburg has received a federal grant of \$235,000 for the project and approved bond issues to pay the remaining cost.

Newest model makes its bow—

Chevrolet's Chevelle Malibu SS Coupe

Newest member of the growing Chevrolet fine car family is the Chevelle. Although 16 inches shorter and 2.4 inches narrower than comparable Chevrolet models, the Chevelle offers virtually all the interior roominess and smooth

ride of a full-size luxury car. The Chevelle Malibu SS Sport Coupe (shown above) is one of 11 Chevelle models which will be in dealerships beginning September 26. The Chevelle is offered in the Malibu, Malibu SS and 300 Series.

Income Tax on Reward Refunded

LITTLE ROCK, (AP) — A U. S. District Court here awarded an income tax refund to \$484 to Mrs. Barbara Nicholson Dalton, who received a \$2,422 reward for information that helped solve three bombings on Labor Day 1959.

The school board office, the mayor's business office and the fire chief's station were dynamited in bombings connected with Little Rock's integration crisis.

Mrs. Dalton observed a man leaving the school board office and gave a description of him, resulting in the arrest of J. Edgar.

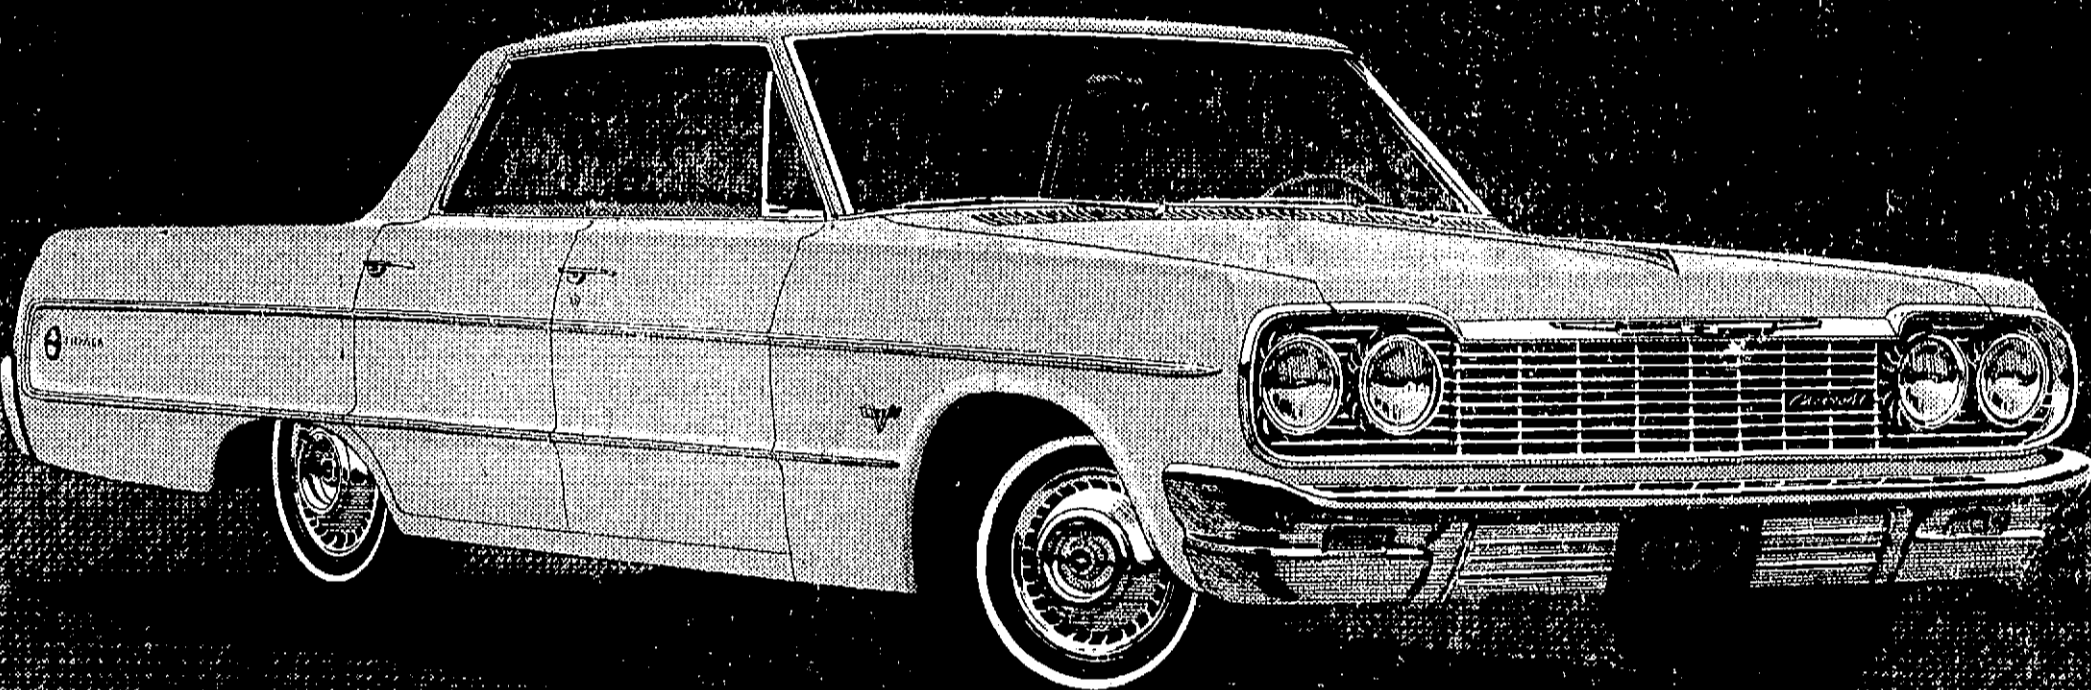

She listed the reward money as taxable income on her 1959 tax return but later filed suit for refund on the ground that the money was a gift and not taxable.

The Internal Revenue Service contended that the reward was taxable.

Expect great things from Chevrolet again—for '64

Tomorrow...Jet-smooth Luxury '64 CHEVROLET

'64 Chevrolet Impala Sport Sedan—one of 15 Jet-smooth luxury Chevrolets.

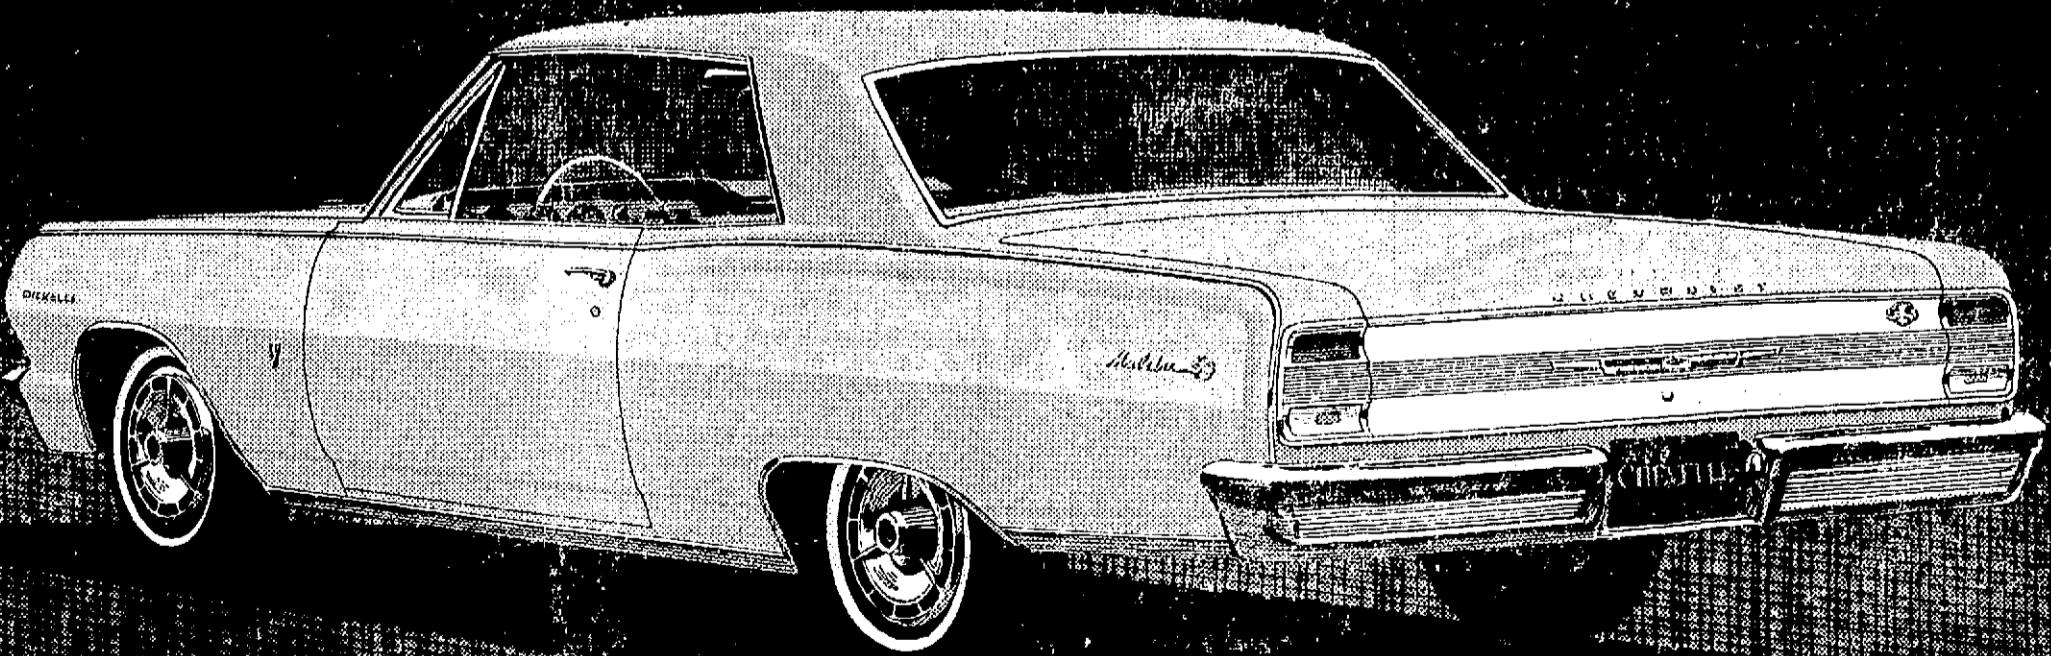

Chevrolet was luxurious before, but you should see it now. With smart new styling, the '64 Chevrolet looks even longer (but isn't). There's even a whole new series this year—the Impala Super Sports—with front bucket seats

as standard equipment. (The new Impalas and Bel Airs are more luxurious, too. Even the lowest priced Biscaynes have new foam-cushioned seats front and rear and are fully carpeted.) Of course, you expect more than just

luxury from Chevrolet. A choice of 16 power teams, for instance—a 6 and six V8's up to 425 hp (optional at extra cost). And quieter transmissions. Jet-smooth ride with Full Coil suspension. Flush-and-dry rocker panels, Delco-

tron generator, self-adjusting brakes and other low-upkeep features. If you've ever wondered how luxurious Chevrolet could get—with all the extra-cost options there are to choose from—that's entirely up to you.

Take your first look at the first CHEVELLE!

CHEVELLE! by Chevrolet

New Chevelle Malibu Super Sport Coupe—one of 11 models in three great series.

You've never seen anything like this totally new line of cars before. Chevelle is new in everything but Chevrolet quality. Chevelle is a good foot shorter than the big cars, so it parks easily. Yet the interior of its Body by Fisher gives you a generous

supply of passenger and luggage room. The ride is surprisingly smooth with a rugged coil spring at all four wheels. And not so surprisingly for Chevrolet, the new Chevelle offers a choice of engines ranging from an economical 120-hp 6 to a 220-hp

V8 (optional at extra cost). Choose the Chevelle you like best from the three series—the Malibu Super Sport, the Malibu and the 300 Series, eleven models in all—at your Chevrolet dealer's. (This good-looking Malibu Super Sport maybe?)

Favored Hope, Smackover Meet Friday

The first meeting of favorite in Div. 4AA football will be staged Friday night when the Smackover Buckaroos journey to Hope to meet the Rebels. Both teams carry the pre-season favorite tag. The winner of this game will take a long step toward the championship.

Smackover, after losing a non-conference to Big 9 El Dorado, came back with a victory over the defending Champion Fairview Cardinals on the Redbirds home field.

Hope, also lost their opener to a Big 9 foe — the Texarkana Razorbacks but have rebounded with victories over Morrilton and DeQueen.

While these two teams are battling it out another conference member has developed the "big eye" toward title contention and that is the Panthers of Magnolia. Magnolia plays at Crossett. The Columbus county Panthers have looked much improved with victories over Malvern and Prescott. Crossett has defeated Eudora and Mantiola but lost last week to Malvern.

In non conference action this week Camden travels to Fordyce for a renewal of the oldest rivalry in South Arkansas: Malvern plays at Catholic High on Thursday night. Fairview is open this week.

Last week's results: Malvern 20 Crossett 6; Smackover 14 Fairview 0; Camden 7 Benton 16; Hope 31 DeQueen 14; Magnolia 24 Prescott 0.

In the first statistical release of the season the following teams led in various departments: Crossett leads in first downs; Hope has thrown the most passes; Hope leads in net yards rushing; Magnolia leads in defense against rushing; Fairview leads in net yards passing; and Hope has scored the most points 32.

Arkansas has more navigable rivers than any other state in the Union. It has about 3,000 miles of waterways.

Broyles Pleased With Workouts

FAYETTEVILLE, Ark. AP — "One of the best we've had," Coach Frank Broyles said in appraisal of Tuesday's workout by the University of Arkansas football team.

Broyles said the team accomplished more Tuesday in trying to improve than they had in any other workout this year.

Freshman Coach Jack Davis delivered the scouting report on Missouri. He saw the Tigers lose last week to Northwestern.

Jim John, Jim Grizzle and Wes Bryant will be captains for Arkansas.

Truett is the son of Mr. and Mrs. Jack King and lives at 200 Edgewood. He is a senior squadman standing 5'9" and weighing 162. Truett played three years on the junior team and has one year of experience on the varsity squad.

Truett also participates in basketball, baseball and track. He is a member of the First Baptist Church. During the summer, Truett worked for Bruner Ivory Handle Mill.

Jack King, Truett's father, is a conductor on the Missouri Pacific Railroad and is a former president of the local Bowler Club.

Truett plans to attend college at Little Rock University and will major in architecture.

Dodgers Can Relax, They Are Now in

By MIKE RATHET
Associated Press Sports Writer
Walt Alston was feeling no pain today.

It happened this way: Walt's dentist took care of his teeth, the Chicago Cubs took care of the St. Louis Cardinals and the champagne took care of everything else.

The champagne put the finishing touches on the 1963 National League pennant chase—some nine hours after Alston's Los Angeles Dodgers had clinched their first flag since 1959 without even so much as lifting a bat or throwing a pitch.

Alston had just left his dentist's chair Tuesday when the news was broadcast in Los Angeles that the Chicago Cubs had defeated second place St. Louis 6-3 in a day game, eliminating the Cardinals and wrapping up the race for the Dodgers.

"Anybody who says we backed into the pennant missed our five games last week," said Dodger pitcher Don Drysdale before taking the mound in a night game and holding his own pennant celebration by posting his 19th victory in a 41 victory over the New York Mets.

Notified even before they reported to the ball park that they were the National League champions, the Dodger players reacted as expected—except for catcher John Roseboro.

Veteran Wally Moon said, "I'm happy." Tommy Davis said, "It's a great feeling." Moose Skowron called it "real wonderful."

Roseboro's wife told him she had heard of the Cardinals' loss on the radio. She said Roseboro yawned, and went to take a nap.

The Dodgers had little opportunity to nap during the season until they moved into St. Louis last week with a one-game lead, swept a three-game series from the Cardinals and returned to Los Angeles with the pennant all but officially clinched.

The American League champion New York Yankees began final preparations for the opening game of the World Series, Wednesday, Oct. 2 by trotting out the entire first string—for the first time since June 5—and bombing the Los Angeles Angels 8-1.

For those who had forgotten what the Yankees' regular lineup looks like, here's the batting order that likely will open the Series: Tony Kubek ss, Bobby Richardson 2b, Tom Tresh lf, Mickey Vernon cf, Roger Maris rf, Elston Howard c, Joe Pepitone 1b, Cleo Boyer 3b, Whitey Ford p.

Ford brought his record to 247, going seven shutout innings before giving way to Ralph Terry. Elston Howard hit a three-run triple in a four-run first inning against Bo Belinsky and the Yankees rolled the rest of the way. Mantle and Maris, in and out of the lineup all year, each stroked one hit.

Drysdale, 19-17 had Rort Peranowski's relief beat in beating the Mets after allowing four hits in seven innings. Wally Moon snapped a 1-1 tie in the seventh with a single that drove home Marv Breeding. Moon had only one hit in 26 previous trips to the plate.

The actual end of the NL chase came in the eighth inning at Chicago. With the score tied 3, Ron Santo cracked a two-run single for the Cubs, snapping the deadlock and handing the Cardinals their sixth straight loss.

Lindy McDaniel got the victory. Bob Gibson took the defeat.

In other NL games: Jim Maloney won his 23rd game, striking out 14 in his seven inning stint, while Veda Pinson and Frank Robinson provided homers in Cincinnati's 4-2 victory over Milwaukee. Chris Zachary and Hal Woodeshick combined on a four-hitter as Houston edged Pittsburgh 3-2 and Philadelphia defeated San Francisco 5-4 on John Herrnstein's first major league homer a pinch-hit job with two out in the ninth.

In other AL action: Ray Herbert posted his seventh shutout with a two-hitter while the Chicago White Sox crushed Baltimore 15-0 Joe Azcue hit two homers in Cleveland's 5-1 decision over Minnesota. Jim Bunning pitched an eight-hitter and Don Wert homered for Detroit's 1-0 victory over Washington and Boston rode homers by Felix Mantilla and Ed Bressoud to a 5-1 triumph over Kansas City.

State Winner of 3.7 Mile Race

JONESBORO, Ark. AP — Arkansas State College defeated Northwestern of Memphis 24-31 Tuesday on State's 3.7 mile course.

Roger Sumner of Tampa, Fla., was first in 19 minutes, 54 seconds for State—a record since this is the first year the Indians have run cross-country.

Arkansas took first, third, fourth, seventh and ninth places.

Before the white men camp, there were three main tribes of Indians, the Osage, Caddo and Quapaw.

Picks Porkers to Defeat Missouri

By HAROLD CLAASSEN
Associated Press Sports Writer

NEW YORK AP — There's a great deal of difference between a touchdown and a touchback. But this corner was totally confused on 15 of 45 decisions in last week's major college football inaugural and is handicapped by a .667 average heading into this week's predictions.

With that burden, here are this week's winners:

Southern California over Oklahoma: Equip your television set with a shatterproof screen for this meeting of the nation's No. 1 and 2 teams. The Trojans' Four Busy Bees—Beathard, Brown, Bedsole and Bame—will squeak through over the Sooners' Jim Grisham.

Alabama over Tulane: The Tulane losing streak goes on and on and on. Joe Namath, Alabama quarterback, is the reason.

Texas over Texas Tech: Tech surprised last week with its victory over Washington State but if the Raiders win this one it will be an outright miracle.

Navy over William & Mary: All those offseason rumors about the Middle powerhouse turned out to be true in the 517 slaughter of West Virginia—there actually are 10 other starters in Navy lineup besides Roger Staubach.

Northwestern over Indiana: Tom Myers decides.

Notre Dame over Wisconsin: Going against the odds but in the belief that the Irish will go all out in their effort to start new coach Hugh Devore off on a winning season.

Arkansas over Missouri: A neighborhood brawl that will have national repercussions. Missouri, which suffered huge graduation losses, needs another month to be come solid.

Georgia Tech over Clemson: Clemson has nothing to compare with the Billy Lohridge and Billy Martin combination of the Engineers.

Pittsburgh over Washington: It is hard to believe that the mighty Huskies of the Pacific Northwest could lose two in a row, but the coin came up heads.

Penn State over UCLA: Coach Rip Engle's Lazy Z offense isn't lazy at all.

Diem Denies Attacks on Buddhists

UNITED NATIONS, N.Y. AP — President Ngo Dinh Diem has sent a letter to Secretary-General U Thant charging that reports of repressive acts against the Buddhists in South Viet Nam are "nothing but an imperialist invention."

Diem's letter was made public today along with a message from Thant, himself a Buddhist, appealing to the Viet Nam president "to normalize the situation by ensuring the exercise of fundamental human rights to all sections of the population in the Republic."

The secretary-general said he had acted at the request of Asian and African countries which had expressed grave concern over the alleged anti-Buddhist acts of the Diem government.

Diem told Thant that the rapid growth of Buddhism after the emergence of South Viet Nam as an independent country had resulted in "ideological deviations" which in turn had led to political agitation and propaganda "for the benefit of foreign interests."

"This is the tragedy of Buddhism in Viet Nam," Diem declared. "It will not doubt be the tragedy of Buddhism in the other countries of Asia."

Porkers, Vols Sign to Meet
FAYETTEVILLE, Ark. AP — The University of Arkansas Razorbacks and the University of Tennessee Volunteers will meet on the gridiron Sept. 13, 1965, but the game site will not be disclosed until the end of this football season.
John Barnhill of Arkansas and Bob Woodruff of Tennessee, athletic directors of the schools, announced the scheduling of the game.
Tennessee had planned to open its 1965 season in a Memphis stadium which is under construction. It will not be completed for the 1964 season. Memphis State University has requested to play the first game at the new stadium.
